(A), Graphic Products (A), Art (B)

## EXPERIENCE

July - August 2006

TEN4 Design, London, UK  
<http://www.ten4design.co.uk>

TEN4 Design are a graphic and interactive design company who create websites for many major music artists in the UK, as well as During my five week placement I undertook various responsibilities at the company.

- Worked as part of a team in producing feasibility studies for possible projects
- Created mood boards on various projects to inspire sets of ideas
- Followed small scale websites from design to build
- Aided the filming of UK music artist Lemar on a green chromakey screen, for later editing and integration into website.

I'm currently undertaking various pieces of freelance work for TEN4.

## COMPUTING / TECHNICAL SKILLS

- Competent in Microsoft Office programs; Word, Excel and PowerPoint
- Good knowledge of graphic design programs e.g. Photoshop, Illustrator
- Good knowledge of Dreamweaver, complimented by ability to code standards compliant XHTML and CSS.
- Understanding of the concepts behind usability and accessibility

- Growing knowledge of programming languages such as PHP supported by knowledge of SQL
- Experience with website administration, through platforms such as cPanel & Plesk
- Experienced with both Mac and PC platforms

## **WORK**

I have been interested in web development for over five years, while mostly self taught I have produced a variety of websites. I enjoy designing engaging, accessible and usable websites which invite users to interact. I constantly challenge myself to learn different web technologies to broaden my knowledge so to create websites that will better support their target audiences.

I enjoy experimenting with technologies, and will often build my experiments into my projects. I'm currently expanding my knowledge with languages such as Actionscript, PHP and SQL and incorporating them into my work, including my portfolio design.

My web design works as well as other pieces of work are online at [www.jstewartdesign.com](http://www.jstewartdesign.com)

## **PERSONAL INTERESTS**

I enjoy reading, whether it is the latest thriller or sci-fi fiction to the text books about the latest technologies or web related theory. I like an eclectic mix of music, and often head out to watch the artists I enjoy the most live. I also like films, and enjoy watching all different types from main stream to independent and foreign.

## **ACHIEVEMENTS**

I received two awards at Christ the King Sixth Form College's annual departmental awards in September 2005. Here each department selects one student to receive an award.

Geography Department – *Outstanding achievement in geography*

Media Studies Department – *Awarded for achievement and support given to other students*
